The ACT will be offered to the **Juniors** during the school day on **February 27, 2018** at **no cost**. There is a sign-up sheet in the office and letters have been sent in the mail with the following information:

The ACT test score will provide you with information about progress toward college readiness and it widely used by colleges in making decisions about admission. It is a required test for most four year colleges. Students who take the ACT will be able to share their ACT scores with up to four colleges or universities for free.

Here are some benefits to taking the ACT test in the school:

- Students feel less stress testing in a familiar environment on a regular school day
- The ACT is accepted by all four-year colleges and universities in the United States
- Tested on what they've learned in their high school core courses
- Eliminate potential concerns about finding transportation to a test center on the weekend
- Receive personalized information to explore future college and career decisions based on their strengths, weaknesses, and interests
- Use their scores for financial aid and scholarship applications
- May choose to provide information to help identify opportunities for college admissions and scholarships
